Third Annual Head of the Charles Regatta
Charles River, Massachusetts
Distance: 3 miles upstream

Follow the action! Tune in to WCAS/740 AM

The Annual Head of the Charles Regatta sponsored by the Cambridge Boat Club is patterned after the many English "Head of The River" races. It makes use of a tortuous course which not only puts the coxswain's steering to test but allows greater distances to challenge the oarsmen's endurance. Head races also allow many more boats to compete by eliminating the need for qualifying races before the final event.

Although the contestants are rowing against time, spectators are witness to keen competition between boats. The running starts are at 10 second intervals and boats are numbered consecutively so that it is easy to see their relative positions in each event. To minimize overlapping events at the finish, events are started 15 to 20 minutes apart. Thus, there is a race on the course at all times during the afternoon.

SPECTATORS ... the best place to watch the Regatta is at the finish line where the progress of each event on the river and the unofficial order of finish will be announced by loud-speakers. For spectators farther down the course, regatta information will be broadcast over WCAS Radio, 740 AM.

The program advertisers and friends of the regatta in Cambridge and the greater Boston community have made this Regatta possible.

NOTICE: Each shell in this Regatta will be timed over the 3 mile Race Course by two entirely separate timing systems. Bulova split-second precision stop-watches will record immediate times, which will be unofficial and will be posted at Regatta Headquarters (Cambridge Boat Club) after each Event. A photo-timer will simultaneously record the official times, verifiable to 1/100th of a second, on film, and such times will be announced to the public and press within 24 hours after the finish of the Regatta. The presentation of medals and trophies will await the announcement of such official times.
