Paul Revere Trophy

The Paul Revere Trophy is awarded to the organization with the most points for all its finishing entries in the Regatta on the following basis:

Points awarded to each entry =  $\frac{P(E+1-F)}{ER}$   
where

P = points assigned to the event

E = number of entries finishing the race

F = finishing place of the entry

R = finishing place of that entry relative to from same organization in that event

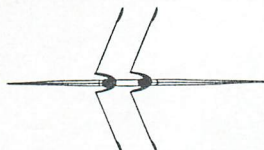

Last year's winner: Yale University, 575.0 points

## The Equipment

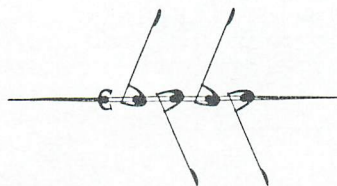

SINGLES

Singles are boats about 26 feet long, 11 inches wide, and weighing some 30 pounds propelled by one person with two oars sometimes called sculls.

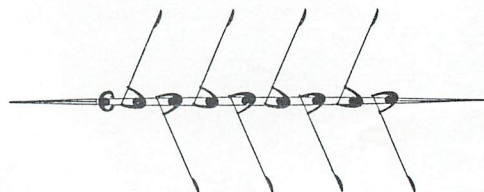

DOUBLE SCULLS

Doubles are boats propelled by two people each with two oars (or sculls).

FOURS

Four-oared boats have four rowers each with one oar and a coxswain to steer and cajole them.

EIGHTS

Eight-oared boats have eight rowers each with one oar and they have a coxswain. The boat is about 60 feet long and weighs about 230 pounds.

### EVENT QUALIFICATIONS

- **Youth crews** are composed of persons under 20 years old.
- **Youth single** scullers are under 22 years old.
- **Master** scullers are at least 30 years old.
- **Senior Master** scullers are at least 40 years old.
- **Veteran** scullers are at least 50 years old and receive an age handicap of eight seconds/year.
- **Lightweights** are male scullers and crews averaging under 165 lbs and female scullers and crews averaging under 130 lbs.
- **Club** crews are composed of persons who, in the current calendar year, did not finish in the top six places in any elite or open event at any national rowing championships or national team trials.
- **Mixed** crews are composed of four male rowers and four female rowers, in addition to the coxswain.
- **Fours** and **Eights** are all "with coxswain."

## The Race

---

On Sunday October 19, 1980, the historic Charles River will be the setting for the Sixteenth Annual Head-of-the-Charles® Regatta, the largest single day regatta in the world. The Regatta attracts top teams and individual competitors from colleges, universities, schools, and clubs from across the United States and Canada and from abroad. This year's Regatta will host competitors from Mexico, France, Belgium, and England, as well as the West German Olympic eight. The West Germans will be racing against the United States Olympic eight for a match missed in Moscow.

In its sixteen years of existence, the Regatta has received the ever-increasing attention and support of the contestants, spectators, and media. It is now regarded as the nation's premier rowing event with 720 boats in the regatta fleet racing against the clock in a gruelling three-mile up-river race.

To meet the growing interest of women in rowing, this year for the first time the Head-of-the-Charles® will have both Men's and Women's Divisions in eleven events. There will also be separate Championship races for men and women in singles, fours, and eights, as well as the very popular mixed eights. Trophies are presented to winning clubs in most events. Bronze medals are awarded to competitors taking the first five places in every event with medals being awarded on a proportional basis to competitors in races with both Men's and Women's Divisions.

### "Head" Regattas

The Head-of-the-Charles® is one of the several "Head" regattas held in North America each fall. In "Head" regattas, despite the name, the boats do not race head-to-head. Rather, they start one after the other at intervals of ten to fifteen seconds. In order to decide who wins, each boat is clocked over the course. Since the Head-of-the-Charles® attracts 720 competing boats, the timing is performed by computer. Without this automation it would take people with stopwatches many hours of tedious work to figure out the winner and places in each event. As it is, the results are available within a couple of minutes of the last boat's crossing the finish line.

Photo by M.L. Thomas

One of the big advantages of the "Head" style of racing is that there is a fairly continuous succession of boats passing by all day. This may be contrasted with head-to-head racing, in which there are brief intervals of high excitement followed by lengthy waits for the next event. The Head-of-the-Charles® is a veritable pageant of rowing in which the day is filled with boats rowing by. Over 3,000 rowers cover the course during the Regatta.

### Watching the Race

Although the contestants are rowing against time, numbered bow markers identify their relative starting positions in each event, enabling all the thousands of spectators along the river banks to watch them vie for position at the narrow bridge arches and sweeping river bends.

There are in all eighteen different race events. Some races are for *single scullers*: rowers with two oars. Other races are for *fours* and *eights*: in these larger boats each rower has only one oar. Some races are for "lightweights," while some are restricted on the basis of age. Veteran *scullers* must be at least 50 years old, receiving an eight-second handicap for each year over 50. Many *veterans* are in their 60's and 70's. Additional youth, masters, and club classes allow everyone the opportunity to take part in this unique and exciting event.

Spectators can be found along the entire length of the course with crowds at many bridge and river-bend locations. The progress of each race and the official order of finish are announced by loudspeaker at the finish line.

### Its Origin

On a winter night in December, 1964, three members of the Cambridge Boat Club (Howard McIntyre, D'Arcy MacMahon, and John Vincent) met with British rowing luminary Ernest Arlett to consider the possibility of initiating an annual rowing event on the Charles River. The hope was to integrate college, school and club rowing in a unique and informal way, and to promote the recreational and non-polluting use of the river. The idea of a "Head-of-the-River" race, patterned after the famous and successful English regatta, was unanimously adopted. It was felt that this type of race would minimize the emphasis on winning and losing, would accommodate a large number of competitors, and would avoid the wind and motorboat disturbances of the lower river basin.

The first Head-of-the-Charles® Regatta was held on October 16, 1965. The race drew nearly 100 boats and was an instant success with the public and rowers alike. What has happened since is a matter of historical record. The Regatta has grown to become the largest in the world and draws the finest rowing talent. In 1973, the Cambridge Boat Club officially took over the responsibility for managing the Regatta and placed it under the trusteeship of three club members appointed annually. Needless to say, it is only through the unselfish efforts and long hours of hundreds of unpaid volunteers that the Head-of-the-Charles® becomes a reality each year.

In spite of its growth and the seriousness of its competition, the Regatta continues to be a festive and friendly affair. It is now scheduled each year for the next-to-the-last Sunday in October when the crisp air, vibrant autumn foliage, and furious activity on the water combine to present New England with one of its most colorful sporting events. Welcome to "America's Fall Rowing Festival."

The Cambridge Boat Club is presently undergoing major renovations. Built in 1907 and originally located half a mile downstream, this building has been on its present site for about thirty years. A fund drive is under way for the present renovations, which will greatly improve the locker-room facilities, especially for women.
