Paul Revere Trophy

The Paul Revere Trophy is awarded to the organization with the most points for all its finishing entries in the Regatta on the following basis:

Points awarded to each entry = $\frac{P(E+1-F)}{ER}$
where

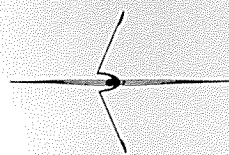

P = points assigned to the event

E = number of entries finishing the race

F = finishing place of the entry

R = finishing place of that entry relative to from same organization in that event

The Equipment

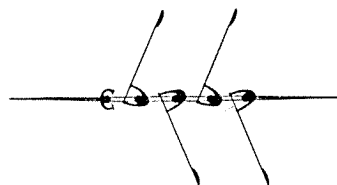

SINGLES

Singles are boats about 26 feet long, 11 inches wide, and weighing some 30 pounds propelled by one person with two oars sometimes called sculls.

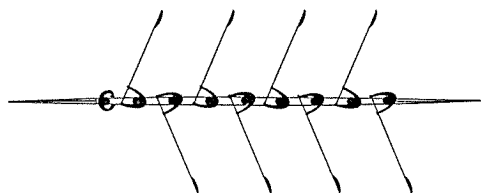

DOUBLE SCULLS

Doubles are boats propelled by two people each with two oars (or sculls).

FOURS

Four-oared boats have four rowers each with one oar and a coxswain to steer and cajole them.

EIGHTS

Eight-oared boats have eight rowers each with one oar and they have a coxswain. The boat is about 60 feet long and weighs about 230 pounds.

EVENT QUALIFICATIONS

- **Youth crews** are composed of persons under 20 years old.
- **Youth single** scullers are under 22 years old.
- **Master** scullers are at least 30 years old.
- **Senior Master** scullers are at least 40 years old.
- **Veteran** scullers are at least 50 years old and receive an age handicap of eight seconds/year.
- **Lightweights** are male scullers and crews averaging under 165 lbs and female scullers and crews averaging under 130 lbs.
- **Club** crews are composed of persons who, in the current calendar year, did not finish in the top six places in any elite or open event at any national rowing championships or national team trials.
- **Mixed** crews are composed of four male rowers and four female rowers, in addition to the coxswain.
- **Fours** and **Eights** are all "with coxswain."

The Race

On Sunday October 18, 1981, the historic Charles River will be the setting for the Seventeenth Annual Head-of-the-Charles Regatta. This festive gathering of rowers and spectators attracts a huge following each Fall. People come from all over the U.S. and Canada to compete or to watch. The competitors in the Head-of-the-Charles Regatta come from about 150 Colleges, Schools and Private Clubs.

There are eighteen events divided according to age, weight, sex and rowing experience. A large number of these are for *scullers* (Each rower having two oars). The others are for *sweep rowers* (Each rower having one oar). The wide variation in types of boats and abilities of entries is one of the unique attractions of 'Head' style racing and provides good competition to all rowers.

The first eleven events have both men's and women's divisions. Equal prizes and points are given in each division and the number of women entering has grown each year. The number of racers is proportional to the number of men and women applying for entry. Unfortunately, each year many entries are turned away due to time and daylight limitations.

The last six events are "Elite" level racing. Some of the best rowers from the U.S. and the world are pitted against each other over the grueling three mile distance.

"Head" Regattas

The Head-of-the-Charles is one of the several "Head" regattas held in North America each fall. In "Head" regattas, despite the name, the boats do not race head-to-head. Rather, they start one after the other at intervals of ten-to-fifteen seconds. In order to decide who wins, each boat is clocked over the course. Since the Head-of-the-Charles attracts 720 competing boats, the timing is performed by computer. Without this automation it would take people with stopwatches many hours of tedious work to figure out the winner and places in each event. As it is, the results are available within a couple of minutes of the last boat crossing the finish line.

One of the big advantages of the "Head" style of racing is that there is a fairly continuous succession of boats passing by all day. This may be contrasted with head-to-head racing, in which there are brief intervals of high excitement followed by lengthy waits for the next event. The Head-of-the-Charles is a veritable pageant of rowing in which the day is filled with boats rowing by. Over 3,000 rowers cover the course during the Regatta.

NIXDORF
COMPUTER

Race results will be displayed during the Regatta at Magazine Beach (near BU Bridge) and the Herter Center (near the finish). Results display equipment furnished by Nixdorf Computer.

D
COMPUTER
DEVICES INC.

All boats are timed using computer terminals at the start and the finish. Computer terminals furnished by Computer Devices Inc., Burlington, Mass.

Watching the Race

Although the contestants are rowing against time, the many thousands of spectators along the course are witness to keen competition as the boats vie for position at bridge arches and sweeping river bends.

Spectators can find prime viewing spots on bridges and at crucial corners along the course. (See Map) The locations provide the best vantage point for watching the developing strategies of the boats as they pass by. Accidental contact between the boats is inevitable but sportsmanship prevents severe collisions.

Each boat is fitted with a bow number indicating its starting order. Thus, during the race its relative position is readily apparent and enthusiastic, non-partisan applause will often accompany a boat observed to be well ahead of its starting position.

This year, for the first time, computer terminals will be placed at the finish line, Magazine Beach and several boathouses. The operator will be able to retrieve the finishing order and times in any event within minutes of its completion. This will make the race more enjoyable for the spectators and competitors alike.

Prizes

Trophies are presented to winning clubs in most events. Sculptured bronze medals are awarded to all competitors taking the first five places in every event. The *Princeton Trophy* will go to the highest placing boat representing a secondary school. The *Paul Revere Point Trophy* will be awarded to the organization amassing the greatest number of "points" in the overall Regatta. This was won by Potomac Boat Club in 1980. They were the first club winner after a long succession of colleges.

"America's Fall Rowing Festival"

The Head-of-the-Charles Regatta, now in its 17th year, has developed into an unparalleled international rowing event. In one day over 3,000 competitors will race against each other and the clock over a three-mile course. This in itself is an outstanding spectacle as the narrow shells and flashing blades navigate the five corners and seven bridges of the course. But the unique attraction of this event lies in the festive atmosphere and top-level competition which exemplifies the Olympic ideal.

In recent years, crews from England, Belgium, West Germany, France, Canada and Mexico have raced U.S. Olympic and national team boats in the championship events. Other events give rowers of all levels the chance to race in four age categories in eighteen separate classes. Eighty-year old veterans compete annually in this race!

The Regatta is staffed by a group of volunteers who return year after year to put in hours of service. The clockwork precision of the starting line and exacting computer timing attest to the professional results obtained by this staff. The Regatta remains a strictly non-profit organization.

The Head of the Charles was started in 1965, and is modeled after similar English races which have been run every spring since the mid 1800s. The founders' goal was to provide a fall race for scholastic, college and club rowers and to promote the recreational use of the Charles River. Over the years, hundreds of thousands of spectators have enjoyed the beautiful fall scenery along the Charles and tens of thousands of oarsmen and women have found joy in the camaraderie and competition.

METROPOLITAN DISTRICT COMMISSION

The Charles River and the parks and roadways along each side are managed by the Commonwealth of Massachusetts Metropolitan District Commission. The Regatta Committee wishes to express its appreciation to Commissioner Terrence J. Geoghegan, and their staff for their kind cooperation, Secretary Joseph Moran, Deputy Park Director George O'Malley
