

Twenty-second Annual  
**HEAD-OF-THE-CHARLES<sup>®</sup> REGATTA**  
Sunday, October 19, 1986  
Two Dollars

# Rooms<sup>2</sup>

Now you can discover a new formula for comfort and style, at Boston's first—and only—all-suites hotel on the picturesque Charles River. Everyone gets a deluxe 2-room suite overlooking our sweeping 15-story atrium. With separate living room, refrigerator, wet bar, sofa bed, 2 color TVs, and cozy dining area. All for the price of a single room in any other first-class hotel.

What's more, every guest gets a

free full breakfast, and ample free parking, with courtesy transportation.

The hotel has a bright, comfortable lounge with piano bar, a splendid restaurant, plus an indoor swimming pool, whirlpool and sauna. Increase your enjoyment exponentially. Try the new Embassy Suites Hotel. Call now for reservations:

**1-800-EMBASSY, or  
(617) 783-0090.**

# THE NEW SPERRY® TS-50. THE BIGGEST STEP IN BOAT SHOES IN 50 YEARS.

Since we launched the original Sperry Top-Sider® in 1935, it has become the preferred boat shoe of serious sailors. Naturally, we want to continue to be in that enviable position. So we took everything we've learned in a half century of making boat shoes and created the new

Sperry TS-50™. The boat shoe designed to offer a unique combination of performance and comfort.

Siping provides the famous Sperry slip resistant grip

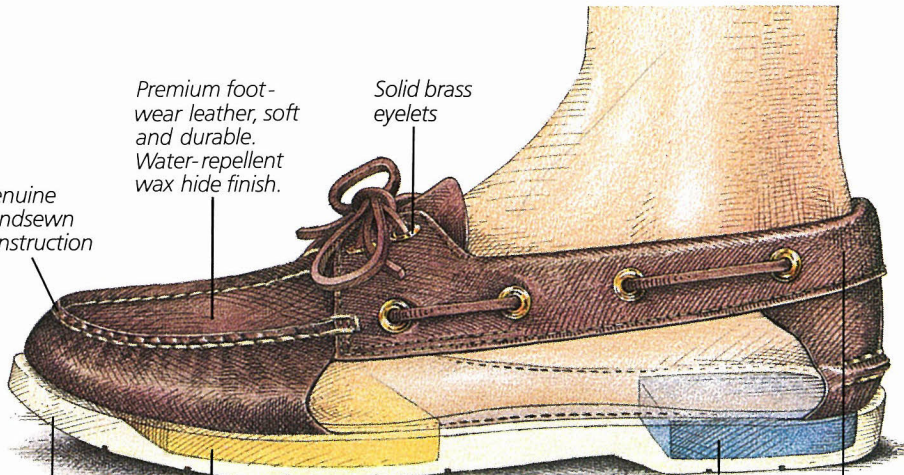

Grooves channel water from under sole for improved traction

Medial heel extension for support and comfort

Genuine handsewn construction

Premium footwear leather, soft and durable. Water-repellent wax hide finish.

Solid brass eyelets

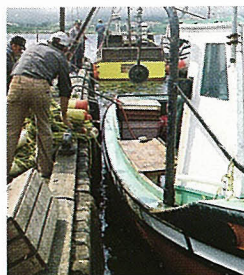

Double sole for extra cushioning and comfort

Shock foam inserts provide extra cushioning where you need it most

Padded collar for comfort

In laboratory grip tests, the TS-50 performed better than

even our own original boat shoe. It's also the first boat shoe that's a superbly comfortable walking shoe. And this fact has

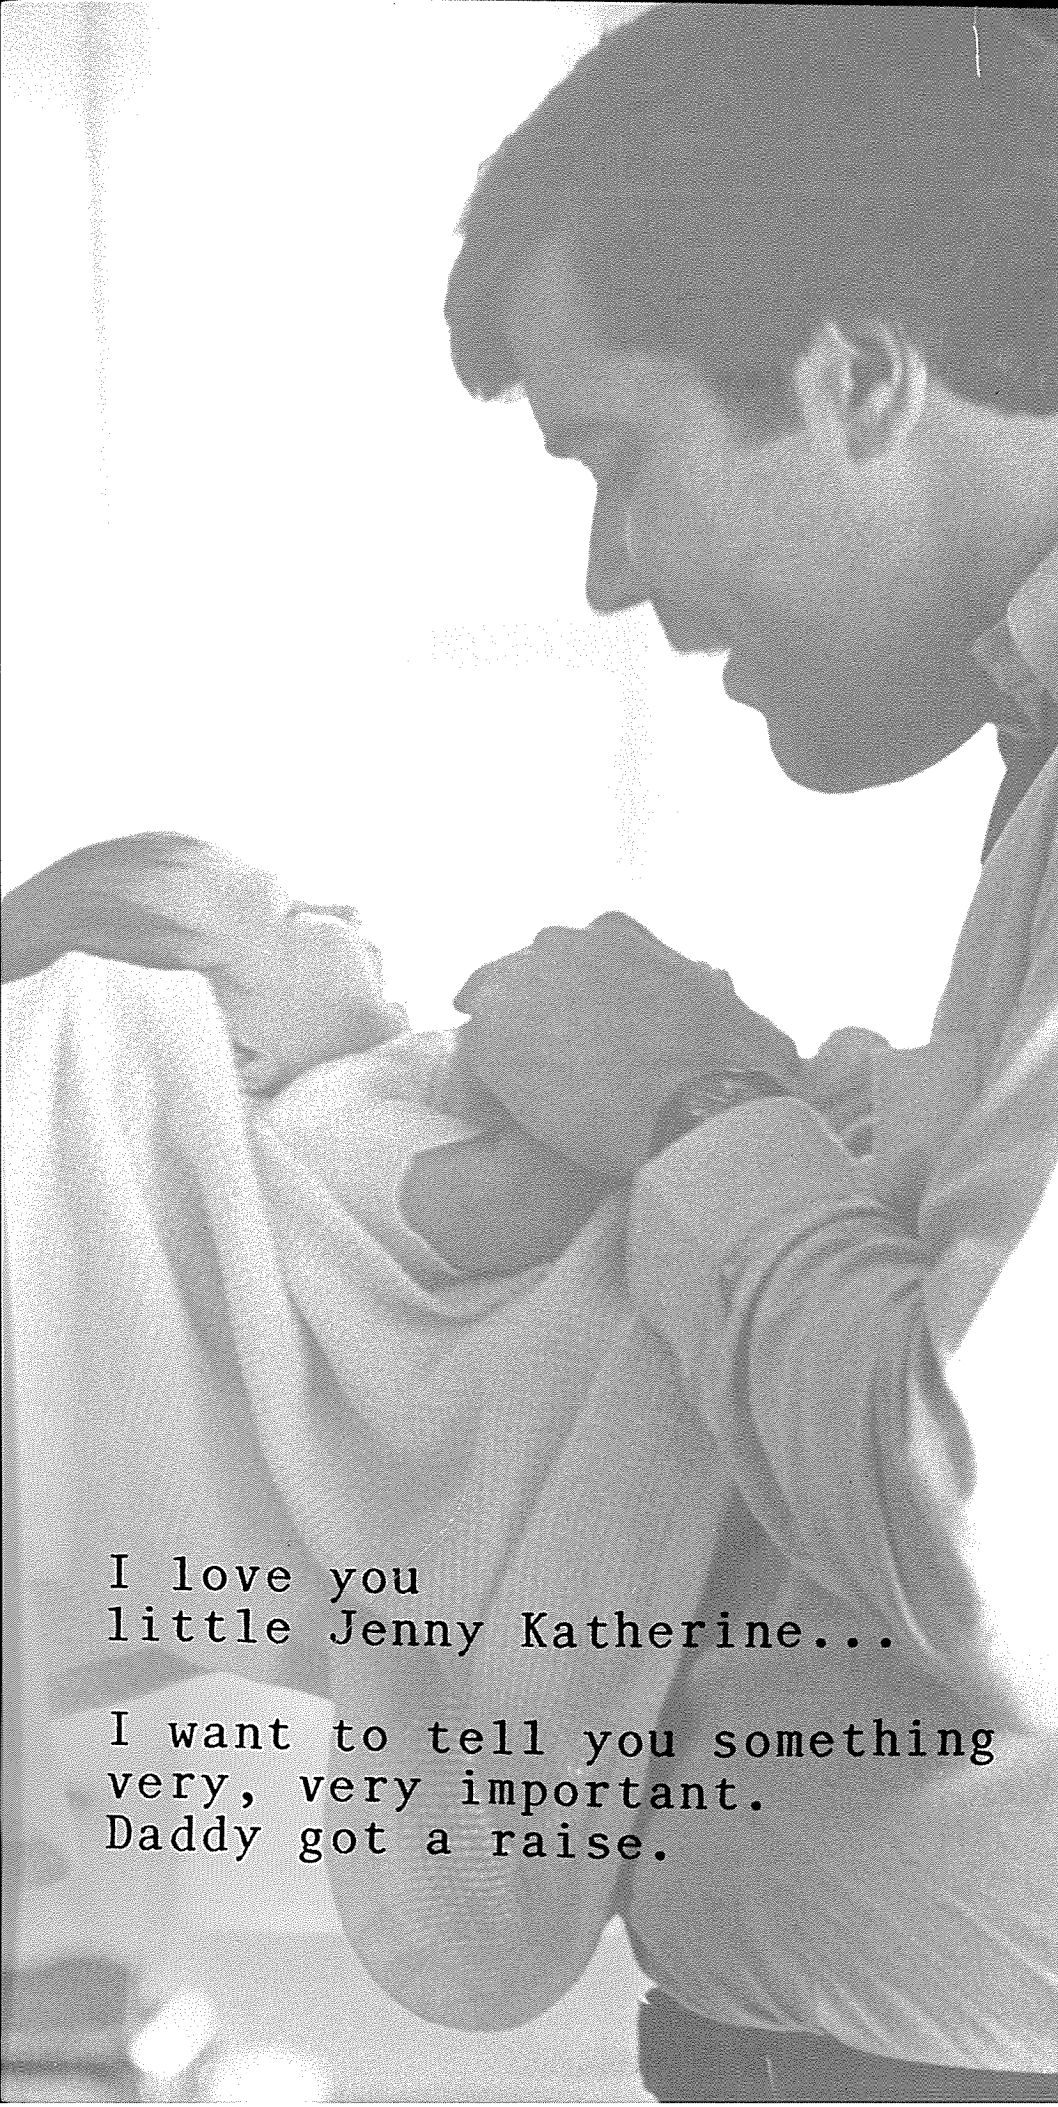

been borne out by avid, experienced sailors and commercial fishermen in over 14 months of testing on land and sea.

The new Sperry TS-50. Step into a pair at a store near you. And see just how far boat shoes have come in 50 years.

The company that put practicality in style.

Answer  
John Hancock Variable  
Life - Insurance with  
the following range  
of investment options:

Stocks, Bonds,  
Money Market,  
Aggressive Stocks and  
Total Return

---

Bill Heater is feeling more at ease about his family's future since he invested his raise in John Hancock Variable Life. The policy guarantees Bill a death benefit while it offers him the opportunity to make money through a variety of investment options. Plus, he can change these options as his needs or market conditions change. For more information about Variable Life, including charges and expenses, please contact your John Hancock representative for a prospectus. Read it carefully before you invest or send money.

---

Real life, real answers.

*John Hancock*  
Financial Services

I love you  
little Jenny Katherine...

I want to tell you something  
very, very important.  
Daddy got a raise.

An aerial photograph of a rowing team in a racing shell on dark, choppy water. The rowers are wearing red and white uniforms. The shell is long and narrow, with a pointed bow and stern. The water is dark blue with whitecaps. The rowers are positioned in a line, each with their own oar.

Sweet  
is pleasure  
after pain.

John Dryden

<b>14. Championship Eights</b> Boston Globe Challenge Trophy	<b>4:05 pm</b>

## The Equipment

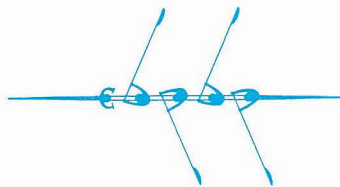

### SINGLES

Singles are boats about 26 feet long, 11 inches wide, and weighing some 30 pounds, propelled by one person with two oars sometimes called sculls.

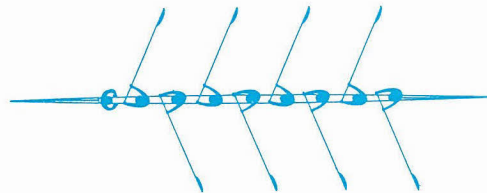

### DOUBLE SCULLS

Doubles are boats propelled by two people, each with two oars (or sculls).

### FOURS

Four-oared boats have four rowers, each with one oar and a coxswain to steer and cajole them.

### EIGHTS

Eight-oared boats have eight rowers, each with one oar, and they have a coxswain. The boat is about 60 feet long and weighs about 230 pounds.

### PROVISIONAL "GUARANTEED ENTRY" POLICY for 1987

Based on the ratio of competitors' finishing times to those of winners (veterans use adjusted times), guaranteed entry to next year's Regatta will be granted to those in the top quartile of each class of boat (singles, doubles, fours and eights). These competitors will be identified in the Official Regatta Results, which are scheduled for distribution two weeks after this year's Regatta.

### EVENT DESCRIPTIONS

- **Youth crews** are composed of persons under 20 years old.
- **Club single** scullers (see **Club crews** below).
- **Master** scullers are at least 30 years old.
- **Senior master** scullers are at least 40 years old.
- **Veteran** scullers are at least 50 years old and receive an age handicap of eight seconds per year.
- **Lightweights** are male scullers and crews averaging under 160 pounds and female scullers and crews averaging under 130 pounds.
- **Club** crews and scullers are composed of persons who, in the last two years, did not finish in the top six places in certain specified regattas.
- **Fours** and **Eights** are all "with coxswain."
- **Master Crews** are composed of persons whose ages average over 40 years old.

---

## “America’s Fall Rowing Festival”

---

### In the Beginning

The Head-of-the-Charles Regatta was established following a meeting in December, 1964 between its founding directors, Howard McIntyre, D’Arcy MacMahon and British rowing luminary Ernest Arlett, when it was resolved (as it was similarly at Henley-on-Thames in 1839):

“That from the lively interest which has been manifested at the various boat races which have taken place on the Charles River over the years, this meeting is of the opinion that the establishing of an annual regatta, under judicious and respectable management, would not only be productive of the most beneficial results to the City of Cambridge and the City of Boston, but from its peculiar attractions would also be a source of amusement and gratification to the neighborhood and to the public in general.”

The hope was to integrate College, School and Club rowing in a unique and informal way. The idea of a “Head-of-the-River” race, patterned after the famous and successful English regatta, was adopted.

The first Head-of-the-Charles Regatta was held on October 16, 1965. The race drew nearly 100 boats and was an instant success with the public and rowers alike. What has happened since is a matter of historical record. The Regatta has grown to become the largest single day Regatta in the world. In 1973, the founders turned the responsibility for managing the Regatta over to the Cambridge Boat Club which placed it under the trusteeship of three club members appointed annually by the Club’s Board of Directors.

Needless to say it is only through the unselfish efforts and long hours of hundreds of unpaid volunteers that the Head-of-the-Charles becomes a reality each year. Over 150 members of the Cambridge Boat Club plus an unknown number of friends and acquaintances were responsible for the Regatta last year.

In spite of its growth and the seriousness of its competition, the Regatta continues to be a festive and friendly affair. It is now scheduled each year on the next-to-last Sunday in October when the crisp air, vibrant autumn foliage and furious activity on the water combine to present New England with one of its most colorful sporting events.

### Watching the Races

Although the contestants are rowing against time, the many thousands of spectators along the course are witness to keen competition as the boats vie for position at bridge arches and sweeping river bends.

Spectators can find prime viewing spots on bridges and at crucial corners along the course. (See Map) The locations provide the best vantage point for watching the developing strategies of the boats as they pass by. Accidental contact between the boats is inevitable but sportsmanship usually prevents severe collisions.

Each boat is fitted with a bow number indicating its starting order. Thus, during the race its relative position is readily apparent and enthusiastic, non-partisan applause will often accompany a boat observed to be well ahead of its starting position.

Computer terminals will be placed at the finish line, Magazine Beach and several boathouses. The operator will be able to retrieve the finishing order and times in any event within minutes of its completion.

### “Head” Regattas

The Head-of-the-Charles is the largest of the several “Head” regattas held in North America each fall and being the oldest, is (like the Cheyenne Frontiers Day Rodeo) sometimes referred to as the “Daddy of ‘em all.”

The Regatta derives its name from the fact that the winner of each event/division is officially crowned the “Head” of the Charles River for the ensuing year for that particular class.

One of the big advantages of the “head” style of racing is that there is a fairly continuous succession of boats passing by all day. This may be contrasted with side by side racing, in which there are brief intervals of high excitement followed by lengthy waits for the next event. The Head-of-the-Charles is a veritable pageant of rowing in which the day is filled with boats rowing by. Over 3,000 rowers cover the course during the Regatta.

### Prizes

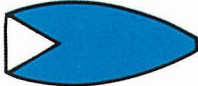

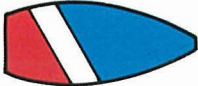

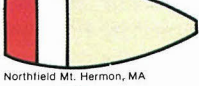

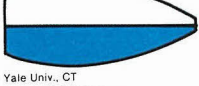

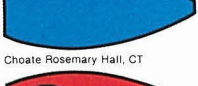

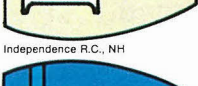

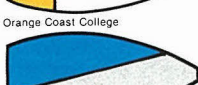

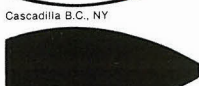

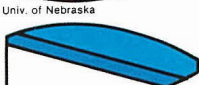

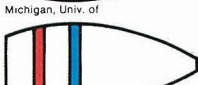

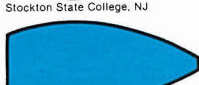

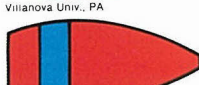

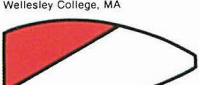

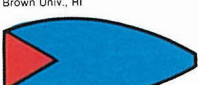

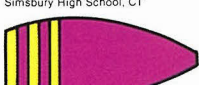

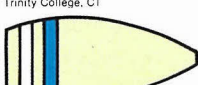

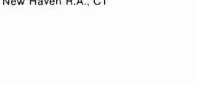

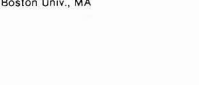

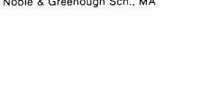

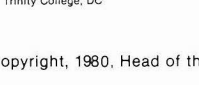

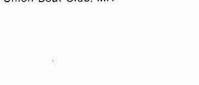

Medals are awarded to all Men’s and Women’s division winners and to a number of runner-ups depending on the size of the division.

Medals are awarded to the fastest Master crew in each division of the event for Championship Fours.

Medals are awarded to the fastest Lightweight crew in each division of the event for Championship Doubles.

The *Paul Revere Point Trophy* will be awarded to the organization amassing the greatest number of “points” in the overall Regatta based on a Head of the Charles formula.

## METROPOLITAN DISTRICT COMMISSION

The Charles River and the parks and roadways along each side are managed by the Commonwealth of Massachusetts Metropolitan District Commission. The Regatta Committee wishes to express its appreciation to Commissioner William J. Geary, Director of Reservations and Recreations Louis Rodriguez, Executive Secretary William Chisholm and their staff for their kind cooperation.

Imported by Anheuser - Busch, Inc., St. Louis, Mo.

**CARLSBERG BEER.**  
**DENMARK'S GREATEST EXPORT SINCE THE VIKINGS.**

By appointment to the Royal Court of Denmark.  
Brewed longer from superb ingredients for a richer taste—in the great tradition of European beer-making.  
Specially selected and imported by Anheuser-Busch.

**1930—THE INTRODUCTION OF THE BOAT SHOE.**

**1979—THE INTRODUCTION OF THE TIMBERLAND BOAT SHOE.**  
The classic boat shoe taken a giant step further.  
More water-resistant. More comfortable. More durable.

**1981—THE INTRODUCTION OF THE TIMBERLAND SUPER BOAT SHOE.**  
A shoe designed for world class sailors, but quickly adopted  
by everyone else who wanted the best boat shoe money can buy.

**1983—THE INTRODUCTION OF THE TIMBERLAND HI-TECH BOAT SHOE.**  
Here, we came to grips with the biggest problem confronting sailors: Water.  
With a revolutionary sole design that virtually eliminated hydroplaning.

**1984—THE INTRODUCTION OF THE TIMBERLAND SCUPPER.**  
Our latest launch: the high-performance sole of our  
Hi-Tech boat shoe topped by our classic boat shoe upper.

**WE'VE DONE MORE FOR THE BOAT SHOE IN  
THE LAST 5 YEARS THAN ANYONE ELSE HAS IN 50.**

Five years ago Concept II introduced the rowing machine that immediately became the training choice of olympic and collegiate rowing teams across the country. The heart of that machine was a flywheel made from a weighted bicycle wheel. Its fluid simulation of the rowing stroke soon caught the imagination of non-rowers as well.

Now Concept II introduces

the next generation in rowing ergometers. The new flywheel assembly still uses wind resistance to produce a fluid stroke, but its design and construction are now so precise that the stroke is even smoother and more consistent. Resistance is easily adjusted by rotating an air damper on the flywheel housing.

An electronic performance monitor gives instant feedback

of your output in watts, distance rowed, or calories, while also displaying stroke rate and elapsed time. Various types of workouts can be preset to help you achieve your training goals.

If you already have a Concept II Rowing Ergometer, the new parts are retrofitable to your old machine.

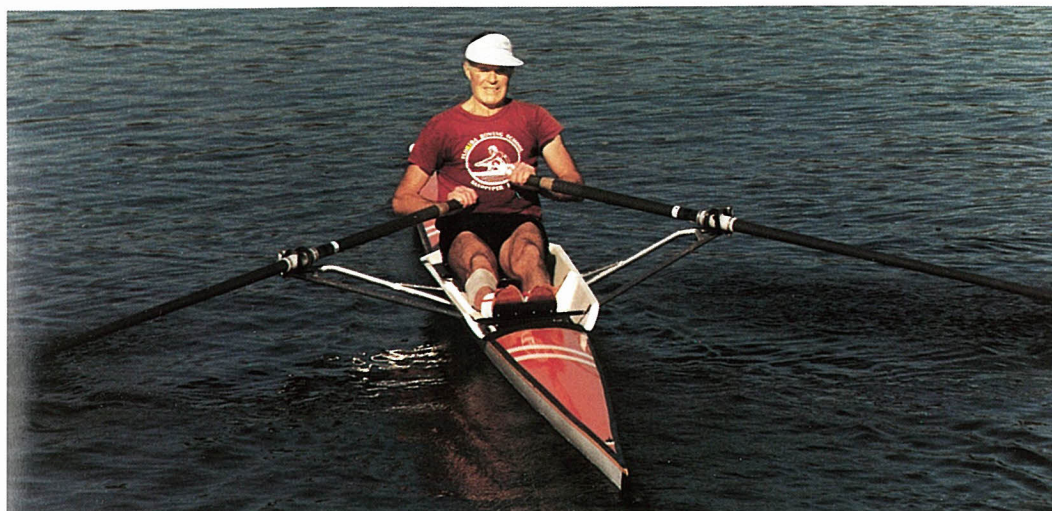

If you don't have one, contact us directly.

Manufacturers of  
Dreissigacker Racing Oars
